

RCI Lectures 2019/2020

Venue: D54.230, D5/1. floor/ 3 p.m.

immune cells for life

-
- The background of the slide is a colorful, high-magnification electron micrograph of a cell, showing various organelles and structures in shades of blue, green, yellow, and red. A prominent feature is a large, dark, circular structure, possibly a nucleus or a large organelle, with a lighter, textured interior. The overall appearance is that of a complex biological structure.
- 11.12.2019** Bertram Bengsch, Freiburg
- 15.01.2020** Wolfgang Kastenmüller, Würzburg
- 19.02.2020** Wolfgang Schamel,
Susana Minguet, Freiburg
- 25.03.2020** Georg Gasteiger, Würzburg
- 22.04.2020** Gabriele Niedermann, Freiburg
- 13.05.2020** Dominguez Conde London
- 17.06.2020** Mirjana Efremova, London
- 15.07.2020** Annette Künkele, Berlin
